

# It's Back!

## Community Story Harvest is back on....

Pemberton Library announces the return of the Community Story Harvest to be displayed throughout Pemberton 2010 events....

It's simple—find someone you want to know more about, or let others know about and then write a 300 word story about them! Open to all levels of writer, even those who haven't written much—or anything—before...

To contribute a 300 word story-portrait from the Potato Nation for the winter season, writers/contributors can submit their stories throughout January. Stories will be due via email January 29th.

Display of stories will be on show in the Library beginning February 6—Torch Relay Day
